

Course Overview

Organisations must ensure that every person (operating within the scope of their organisation) understands the right steps to take if they have any concerns that an adult or child may not be safe, irrespective of what sector they operate in.

This course has been written by an experienced Head of Safeguarding who has held strategic positions leading in safeguarding and safeguarding boards at various local authorities. The course is aimed at people with responsibility for providing managerial support and direction to staff in an organisation or decision making about concerns raised by members of staff and/or members of the public..
